CITY & SOUTHWEST ACOUSTICS ADVISOR

Review of:	Sydney Metro City & Southwest (SMCSW) Operational Noise and Vibration Compliance Monitoring Report	Document reference:	TN498-03F02 SMCSW NV Compliance Monitoring (r2)
Prepared by:	Daniel Weston Acoustics Advisor		Prepared by Renzo Tonin & Associates for Metro Trains Sydney
Date of issue:	4 June 2025		27 May 2025 Revision 2

The Operational Noise and Vibration Compliance Monitoring Report has been prepared to fulfil the commitments made in the Operational Noise and Vibration Monitoring Program (r3 dated 29 October 2024) and associated Corrigendum (r0 dated 23 May 2025).

This Operational Noise and Vibration Compliance Monitoring Report concludes that operational ground-borne noise and vibration levels at the selected measurement locations are compliant with the requirements of Planning Approval Conditions D9 and D13 and confirm that the objectives in the Track Attenuation and Operational Ground-borne Noise Review (prepared to satisfy Condition D9) have been met.

As approved Acoustics Advisor for the Sydney Metro City & Southwest project, I have reviewed Operational Noise and Vibration Compliance Monitoring Report as required by Condition A27 (d) of the CSSI 7400 Mod 9 planning approval. I am satisfied that this report meets the relevant planning approval requirements.

I approve the Operational Noise and Vibration Compliance Monitoring Report and consider the document as suitable for submission to the Secretary for information.

Daniel Weston, City & Southwest Acoustics Advisor
